**Subject:** FW: Site Meeting Perley's - MSGP Permitting

Hi Mark,

I spoke briefly with Paul and he asked if we could go to the site. Do any of these days work for you? I'll be in the office on Monday morning and all day Friday, and the resto of the time I will be in DC, but will be checking emails periodically. Have a great weekend.

Thelma

**Subject:** Site Meeting Perley's - MSGP Permitting

Thelma – as discussed this morning, I would like to schedule a site meeting at the Perley's Marina with you and Mark Voorhees at a time of your choice on one of the following days that work for you and Mark:

- August 1<sup>st</sup>, 2<sup>nd</sup> or 3<sup>rd</sup>

Please note the following tide conditions when selecting the time for the meeting:

- High Tide on the 1<sup>st</sup> = 7:00 AM
- Low Tide on the 1<sup>st</sup> = 1:30 PM

Note each day after the time increase by about 1 hour.

The agenda for the site meeting is to work together to identify a point source sampling location for the drainage area where boat repair and maintenance activities are taking place. Once this location is identified, we will commence SWPP Plan development followed by NOI submittal.

Thanks again for the call earlier today and look forward to meeting with you and Mark.

**Paul G. Richard, P.E.**
